MEMORANDUM FOR ANDREWS, CLARENCE, REG. NO. 19469-111

FROM:

for J. Engleman
Patricia V. Bradley, Complex Warden

SUBJECT:

Compassionate Release Review

A request for Compassionate Release/Reduction in Sentence (RIS) has been reviewed pursuant to Program Statement 5050.50, Compassionate Release/Reduction in Sentence: Procedures for Implementation of 18 U.S.C §§3582(c)(1)(A) and 4205(g). It has been determined that we will not be pursuing a request for compassionate release/RIS in your case.

A review of the correspondence received on your behalf was reviewed and considered, in addition to a review of your central file and medical records. Based on this review it was determined you do not meet the criteria to be considered for a Compassionate Release/RIS, and no extraordinary or compelling circumstance were provided in the correspondence to warrant a submission of a request. Therefore, you do not meet the criteria in which the Bureau of Prisons would file a motion in the court.

Accordingly, your request is denied. If you are not satisfied with this reply, you may submit an appeal on the appropriate form (BP-9) to this office within 20 calendar days of the date of this response.

Subject: Letter from Imani Andrews

Clarence Andrews is essential to his family. The mental health and physical stability of his family has been off balance in his absence. He has made choices that he now realizes cost more than any sum of money.

I am his sister humbly requesting compassion and release for my brother. Clarence's father needs him and his son Joshua needs him too. I can't make these men whole, they need one another. Please help stop a cycle of neglect and trend of absent fathers in their lives.

His father was absent from his life, captured by addiction. He is now 73 and wheelchair bound. Clarence has been neglected and unimportant to the man he wanted to be cherished and loved by the most. How deeply this impacted him, determined his choices, and who he has become only he knows.

I just want him and everyone to know that any member of our family would be more than willing to let him come live with us and allow him to start over. He could work and become an essential and productive member of society. In the current times, there is such opportunity to do good and he has always been there for others. This is who he is, a caring person who can help, grow and provide for others.

During his incarceration we have seen a change in him. He has matured and now realizes that he himself has become the absent father that his own son Joshua so desperately needs. Because of his choices we are all impacted. He understands how selfish he was and how much work must take place to get back on track. He is willing, he is sorry and he is hopeful that if given the chance he can help guide his son in the right direction. He can help his aging, now handicapped father live respectably.

If you meet with Clarence you can see that he is a light. Allow him to be the lighthouses for Joshua. The world is a ferocious sea and another young man is drifting away. All three of their lives and what's left is being thrown away. Please give them a chance to get it right. I love my brother, father and nephew with all my heart. I miss my sibling dearly.

I did not realize because of my father's actions and absence he was also my measure of a man. He has not reached his full potential and cannot do so there. He can be the man and patriarch he was destined to be. Consider saving three men and a family impacted by drugs, prison, and absence from the home. Holding him there doesn't help society it puts five other statistics in the mix. Let us be better together you can give us all a chance he should not be held to die in prison.

Respectfully,

Imani Andrews

To whom this letter may concern,

My name is Danielle Williams and I am the mother of Clarence's only son Joshua. I write this letter in hopes that this will give you a better understanding of who and what Clarence Andrews means to his family.

Before having our son, Clarence, such as myself, was still trying to find out where he fit and what his purpose was in life. Clarence, to me, was a late bloomer and had troubles settling down and staying in one place. When we met and gradually became to know each other, I began to see him want more for himself and I as our relationship grew.

One thing about Clarence was he was determined to be a provider and a helper for friends and family who were in need. He was a giver and a bit of a taker but nonetheless, he meant well and had very good intentions. Soon after moving in together, I became pregnant with our son Joshua, who is now all of 8 years old. Having our son was something that drastically changed both of our lives for the good. Clarence soon became a working man and was very happy to have accomplished as many things as he had as well as bringing our baby boy into the world.

Clarence had become more serious about his life choices and the stability that was needed to raise our son. Clarence had begun to walk a straight path and it worked for him. Unfortunately, sometimes the world is very cruel and we fall back into familiar ways. I believe Clarence had very good intentions as to how he would provide for his family in hard times but decisions were made that ultimately took him away from us and his family. At the end of the day, no one wants to make decisions that could cost them their lives or their families but sometimes we as people, are pushed to the limits and we do things that are not always best.

These are all things that I point out because I have been raising my son Joshua for the last 5 years without Clarence. My child has struggled immensely without his father around and as you know, the love and support of both parents truly makes a big difference in a child's life. Joshua is in desperate need of his father in these uncertain times that we are living in. My son is in therapy and has been for about a year now because of behavioral problems in school and the struggles he has endured since his father has been gone.

Joshua struggles with social skills and has been diagnosed with anxiety which me and his therapist and his school are all helping him to get through. We as a group, know the situation with Joshua's father being gone and all have an understanding that

this has been a major problem for him. It has caused him uncertainty within himself and even has low self-esteem. He often tells me that he believes that his father does not know him and that he believes that one day he will grow up to do the same things his father has done.

To hear this from my child, as a mother, is devastating. How do I reassure my son that he nor his father are bad people and that sometimes we just make bad decisions? Over the course of these five years, Clarence's family and I have had a hard time explaining to Joshua why his father was gone and that he wouldn't be home for a while. Joshua has even thought of himself as a bad person because unlike other children at his school, his father was not around to do the things with him that other children's fathers were doing with them.

I make it my mission to reassure my son everyday that he is a wonderful little boy and that one day his father will come home and see the exact same thing that I do. A loving, caring, bubbly little boy. Me and Clarence often talked about ways to provide him with the love and support he needs.

In conclusion, I hope this letter helps you to make a decision that would ultimately change Clarence's life as well as his son's life and well-being. I believe if given the opportunity, Clarence will definitely make better decisions and be the best father he can possibly be to our son.

thank you,
Danielle Williams

Dear judge,

My name is Anthony Patrick. Clarence Andrews is my older cousin but we are very close like brothers. Growing up in the environment we lived in Clarence always pushed positivity for me and encouraged me to never take the road he has taken in life. I am proud to say that I am a Black man who grew up in a poverty stricken area and have never been incarcerated nor participated in the culture that is so common in areas plagued with violence, and I credit that to Clarence. I possess both a BA and Master degree in criminal justice and forensic psychology (respectively). I also credit this to him. It is imperative that he is released so he can shed wisdom to the youth of Oakland and that of his young son, in the same manner he has done for me and my matriculation into manhood. Currently, I work with the College of Alameda Career and employment center specifically assigned to the re-entry population and can ensure him employment upon his release. Despite his actions, he is such a credit not only to our family but to the youth who are walking in his footsteps, he can provide words of wisdom and diversion to the youth currently representing the underserved population. Thank you for listening.

To The Honorable Judge,

I am writing to you regarding Clarence Andrews. I am his in-law and have been in the family for over 20 years. Clarence has shown me that he is ready to face the world and be a productive part of society. He wants to create a nice life for his family and help his son who is struggling in school. His son loves his dad and looks to him for guidance. Through their phone conversations he has helped him with assignments and reading, which he loves.

We are looking to help Clarence when he comes home. We want to help him find employment and also programs that may help as well. Our family helps each other and wants the best out of life. We look forward to helping him get to a sense of normality.

Thankj you for reading my letter.

Sincerely,

Donte Casey

Dear Sirs:

I am writing on the behalf of a brother of mine, Clarence Andrews, who is currently serving time in USP Lompoc, in Lompoc, CA. Although Clarence is not a biological brother to me, he is just as important to me and his family, as anyone that is biologically related to me. Prior to his incarceration, Clarence helped me through many challenges as I attempted to navigate life as a young person. His advice and guidance is something I looked forward to receiving, thus limited communication between the two of us has been difficult. I credit my educational and career achievements to his support and enthusiasm. I have been fortunate enough to remain in contact with his young son, who is now 9 years old, and through direct and indirect mentions, I know he misses and needs his father. I am aware of the mistakes Clarence has made as a young man, however, as a Licensed Therapist, I am more aware that these decisions were made due to his circumstances and directional paths he was given as a child. In order to decrease the possibility of my nephew making similar mistakes bad judgements, he is in dire need of his father and additional positive influences, especially during his developmental stages. I have confidence in Clarence in becoming the father necessary; he just needs the additional chance at home with his family. I love him, and am praying for his safe return during these unprecedented times. I express my deepest gratitude for your time in reading this letter, as I hope it finds you in good health.

Sincerely,

Daynelle Parker, ASW

Hello Ashley,

I apologize for the mistake. This is the letter from Clarence Sr. that is suppose to be considered. Once again, I apologize.

Dear judge,

My name is Clarence Lee Andrews Sr. I am A 73 year old veteran that proudly served my country by way of the United States Army. I was blessed with three children: Robert, Clarence jr., and Imani Andrews. Unfortunately, and to my shame, I was captured by a time of addiction and neglected to make myself available to my children. I can only imagine how my absence adversely affected each one of there lives. By no means do I share this truth to lay grounds of excuse, but rather to illustrate the pattern of neglects effect. I thank God for keeping me alive as long as he has, giving me another chance to be actively present in my children's (now adults) lives. So, here today I am humbly requesting compassion for my son Clarence Andrews jr. I went to visit junior for the first time in 6 years. It was a very emotional experience to say the least. What I was most moved by was the growth I saw in my son. I saw something familiar in him that I know very well, change! Real genuine change. That was over a year ago. Since that visit I have loss both my legs and my health isn't the greatest. I dont know how long I have left on this planet, but I do know that life is too short to hold on to anything that would prevent someone/anyone from doing better today than they did yesterday. Although there is no doubt about my need to have my son home to assist me in more ways than one, it is my grandson, (juniors' son) joshua that has and continues to suffer the biggest loss in the absence of his father, but would be blessed indeed to be reunited. I know Clarence will not fail us because none of us, especially him, can afford the luxury of another bad choice.

Subject: Character Statement for Clarence Andrews

Hello Ashley,

Hopefully it is not too late to submit my character statement for Clarence Andrews. I typed it below. Thank you.

Dear Judge,

My name is Aqueenah Gude and I am a close family friend of Clarence Andrews. As someone who has been apart of this journey with him these past 7 years, I can say that Clarence has taken every opportunity to learn from this experience and make better decisions for his life. This experience has forced him to sit down and really think about the trajectory of his life and how the decisions he's made has impacted those around him. We talk often about redemption and how he is not defined by poor decisions he's made in the past but how he chooses to move forward once he's realized the errors in his ways. Clarence has been a huge inspiration in my life, as a mentor and a confidant and there has been a huge void in our family since he has been incarcerated. I believe it would be beneficial for him, our family and our community at large to return home so he can serve as an inspiration for all of us, especially his young son Joshua. Clarence is intelligent, compassionate and determined. He also has a family network that will serve as his foundation to building his life up in a positive direction. Thank you for your time.

Best,
Aqueenah Gude

mr.cross,

after two months of waiting for a response to my last request re: heart and testicular issues, i have yet to receive a single word written or otherwise from you. i am quite aware of the tactics currently being used to keep the Positive COVID-19 count down, by not testing the general population at USP Lompoc and not answering related sick-call slips for people whom are presenting COVID-19 like symptoms for 14 days. However, I can only hope and PRAY, that similar schemes are not being deployed in my particular case--in lieu of admitting that staff are overburdened and things are out of control. Both heart attacks (heart disease) and testicular cancer can be addressed and cured if they are caught in a timely manner...

ashley,

i dont know how i neglected to inform you about an incident i witnessed last week. a fellow was beaten to death wednesday 10/4 by 4 other inmates. its been reported that the victim is on life support, but i saw him die. it was a horrible thing to see and i cant get what happened out of my head. whats crazy it that i, as every other individual housed here, have been deemed a threat to society/our community yet the "threats" that exists here arent deterred or in any way suppressed in this so-called controlled environment. im exhausted and/or drained mentally and physically of this constant exposure to this madness. from a positive perspective, i have accomplished all there is to gain from this place. to remain here from this point would only subject me to the negative effects of this place and an inevitable erosion of a the good things gained. its like placing a refurbished bike on the beach to be seen, but never allowing it to be used by a needy kid. instead its just left to be consumed by the elements of the harsh environment.

it is always a pleasure to hear from you. i guess its who or rather what you have come to represent, freedom... moving forward, i do or will have you another document showing that i have again requested medical attention and for some reason not receiving it. what you should know, ive been meaning to share with you, these people (medical staff) often get request from inmates regarding flu like symptoms, and put them off 14 plus days before answering (seeing) them to keep the potential positive results down. a devilish thing for these angels to be doing, right? well, hopefully he right people will do something about all the shenanigans being done.

Greetings once again! Hopefully this email (print-out) will serve its purpose in court 100 times better than it did when it was sent to Lompoc's health services.

Incidentally, there has been 5 new cases of COVID here at Lompoc since I made the request to staff on 12.4.20. A memo was sent to all housing units regarding the new cases.

I probably should've included that memo with this letter. Then again, the memo, more than likely, would've "disappeared" before this letter left the facility. These magicians are excellent at their craft, trust me.

With that shared, I pray you a lifetime free of COVID contamination! Take care.

Clarence.

**Agreement to Participate in a Bureau of Prisons
Residential Drug Abuse Treatment Program FORM
U.S. DEPARTMENT OF JUSTICE FEDERAL BUREAU OF PRISONS**

I have requested and have been interviewed to determine my qualification for admission to the Residential Drug Abuse Treatment Program (RDAP) in the Federal Bureau of Prisons. I have provided truthful answers to all questions. I acknowledge a severe alcohol/substance problem during the last period of 12 months before my arrest, and I am now seeking treatment for my problem. I have been informed and I acknowledge this clinical interview does not apply to my § 3621(e) eligibility for an early release.

I understand the potential benefits of participating in the RDAP and I understand my level of commitment to the program will determine how much I benefit from the program. I acknowledge and agree to expectations, rules, and policies of the Bureau of Prisons and the RDAP:

I understand that the RDAP is a residential treatment community. I understand that while residing on the program unit, I will be expected to participate fully in treatment activities I am assigned. I understand that the RDAP consists of a variety of treatment opportunities, including: the residential environment, treatment community meetings, feedback to other participants and feedback from other participants and treatment staff, therapeutic groups, therapeutic journaling, psycho-educational groups, individual sessions, treatment team meetings and possibly, psychological testing. I understand that my full participation in all of these activities is essential to my success in treatment.

I understand that all RDAP participants have an individualized treatment plan and I will have the opportunity to provide input into the development of my treatment plan. I agree to accept responsibility for knowing the rules, goals and schedules of my particular treatment plan.

I understand that I am expected to protect the confidentiality and privacy of my fellow participants in the treatment program. I agree to accept responsibility for not disclosing inmate information. I understand a breach of confidentiality will result in immediate expulsion.

I also understand that while I am living on the treatment unit, I will be expected to contribute to a positive community by refraining from any behaviors which are disruptive to the program or my fellow participants.

I understand that I am expected to follow Bureau policies, rules and regulations. I understand that I am also expected to follow the expectations, rules and regulations of RDAP. I understand that if I fail to do so, I may be expelled from the program.

In addition to the agreements listed above, I understand that, by agreeing to participate in the RDAP, under ordinary circumstances, I will be placed in a program according to Bureau need and availability. Ordinarily declining such a transfer will remove me from the RDAP waiting list.

I understand that participation in the RDAP does not relieve me of any financial responsibility legally imposed.

I understand that some of my counseling sessions may be audio/video taped. I understand these tapes will be used only for rehabilitative or educational purposes within the program.

I understand that if I choose to withdraw, or am expelled from the program:

- a. incentives received while an active program member may be lost;
- b. any request for re-admission will include a reassessment for participation;
- c. there will be no consideration for extended RRC placement; and
- d. I will lose my eligibility for any early release consideration.

I understand and agree to continued transitional drug abuse treatment services that include:

- a. continued positive behavior and treatment programming upon my return to general population. Failure to participate in continued treatment in the institution transition program, as prescribed by psychology staff, for less than one hour each month over a period of 12 months will result in my termination from treatment and loss of incentives previously and potentially earned; and
- b. continued treatment programming upon my return to the community through transfer to a RRC or on home confinement. Failure to participate in continued treatment in the community transition program may result in my return to secure custody.

I understand that staff may recommend, as a condition of my supervised release or parole, a stipulation that I receive continued treatment during the period of such release.

I understand and consent to the release of information specified below by Bureau of Prisons staff to the appropriate U.S. Parole Commission staff, U.S. Probation staff, Community Corrections Staff, and Treatment Program Staff for the purpose of determining my eligibility for a Superior Program Achievement or for developing a treatment plan.

The extent and nature of the information to be disclosed includes: psycho-social (including substance abuse and criminal) history; treatment progress; drug program assessment summary with recommendations for continued treatment.

AGREEMENT/SIGNATURE

I have read, or have had this document read to me, and I understand and agree to the rules and regulations for participation in the residential drug abuse treatment program described in this agreement to participate.

I understand and agree that to begin the program, I must be able to complete all components of the program; RDAP, institutional follow-up if appropriate, and Transitional Services at the RRC or home confinement, if applicable.

I understand with this agreement I may be transferred to any suitable Bureau RDAP based on my release date.
